

conspire

Sol | light concrete

ConSpire encapsulates modern industrial design with functionality at it's heart. We make unique basins and bathroom furniture for individuals who appreciate exceptional design and quality combined.

conspire

Our story

Since long before ConSpire's conception, founder Martijn Winter has possessed a strong vision for concrete's potential in contemporary design. He knew that by embracing its rugged, industrial nature whilst searching for inspiration from natural and architectural forms, he could produce a collection of completely unique basins and bathroom furniture renowned for its outstanding quality and design.

Today, the ConSpire collection is a showcase of diversity, encapsulating modern industrial design with functionality at its heart.

We entrust talented craftsman with the responsibility of creating each basin to the highest degree of quality by hand. That includes applying 4 unique protective coatings that we developed alongside industry leading experts especially for the ConSpire range.

We believe that longevity is the true mark of quality - these coatings and our rigorous production methods ensure that each product carrying our name is preserved in all its glory for years to come.

Palermo

Palermo's charming size, along with its simplicity and modernism make it the perfect bathroom companion. Available in our full range of colour options - find your style.
